

UPDATE: The GTF League is retiring after 3Q 2018, so the final update will be posted around October 4, 2018.

- Active players will automatically receive payouts for their current balances. A player is deemed active if he/she has played a qualifying league game within the current or previous quarter, or if the player's balance is on-hold at the knowledge of the league admin.
- Any non-active player may request a payout up to a month after the closure of the league. We'll do our best to accommodate payout requests beyond that time.

GoldenTeeFan.com has set up a Golden Tee league for you to compete, compile statistics, and win prize money each week! Here's how it will work:

- Weekly League Play
 - Cost for each contest will be 1 credit per course, per week, with a 1 course per week limit.
 - Registration for the next week of play will end each Wednesday night at midnight local time. Any new deposits received after this time will have to wait until the following week to participate.
 - If you have credits in your account, we will charge the first 1 credit to the first course you play that week, starting on each Thursday at 11AM local time. If you play a different course and still have credits in your account, then that game counts for league play too, and so on, until either you are out of credits or have played all 5 courses that week.
 - Contests run from 11AM local time on Thursday to midnight local time the following Wednesday.
 - If you don't play any games during a certain week, no problem! Your account stays funded for the next time you play. If for some reason you want us to put your league play on hold for a certain week, let us know via email. We won't count your stats for that week or deduct any money from your account, allowing you to spin a few games just for fun.
 - We will use your GT Persona ID, found on the front of your Golden Tee card, to retrieve your scores and statistics, along with your handicap when you begin play for the week, ensuring that we have fair and accurate results!
 - Players may choose Live Play (Stats Play or 18 Holes for Prizes) or Glory Play – it's your choice! You must swipe the card registered with us for your scores to be retrieved.
 - NOTE – Daily contests and Invitationals are NOT included in the scores report.
 - We will track and update each player's statistics and standings in GTF League Play each week, which will be visible on the GTF site following that week's league action.
 - Your score on each course during league play will be added to your handicap at the beginning of that week to determine your handicap score.
 - The scores report we receive may include DNF games if they were your first game played – the score you have at the time you DNF counts as your final score, so be careful!

- We reserve the right to ban any players from GTF League Play if suspected of cheating. Please play fair and keep this fun for everyone!
- GTF Tour Play
 - In addition to monetary rewards, GTF will track your points earned towards an overall GTF Tour challenge! Weekly participation, as well as your results, will contribute to your points earned. Each GTF Tour Challenge will end after the yearly quarter is up (duration = 3 months), and then a new challenge will start on the first Thursday of the quarter. GTF Tour Challenge Winners will receive an extra pot bonus to their account!
 - 5% of each contest goes towards a prize fund to be awarded to the top points getters for that quarter (50% to 1st, 30% to 2nd, 20% to 3rd)!
 - Players will earn GTFT points as follows:
 - 2 points for participating in any contest
 - 0.5 points earned for each player defeated
 - 5 bonus points for 1st place, 3 bonus points for 2nd place, and 1 bonus point for 3rd place
 - GTFT points are earned against all players in a contest, not just those in your division (see divisions and prizes)
 - We will count GTFT Points from your best 10 weeks in each quarter of play. This allows players who miss a couple weeks still to be competitive while allowing those who play every week to improve upon their worst games!
 - Stay tuned for other special challenges, including private league play, 5-course total weekly payouts, bracket tournaments, hole-in-one rewards, and more! Ideas are welcome and encouraged!
- Deposits and Withdrawals
 - Using any of 10 pre-defined payment options, players can deposit money into a GoldenTeeFan.com (GTF) account via Paypal at any time to buy credits used to enter each weekly contest. Don't worry about over-funding your account – any money that's not used for any reason can be refunded to you at no charge. There will be a very small deposit fee to cover pesky Paypal deposit and withdrawal fees, but otherwise it's roughly \$1 for 1 credit.
 - Players can request withdrawals from their account every quarter (3 months). Players will receive \$1 back for every 1 credit in their account.
- Divisions and Prizes
 - Players may be divided into a certain number of divisions based on how many players enter a particular contest.
 - No more than 20 players will be competing against each other for prize money in any single contest.
 - Contests will be divided into the fewest number of divisions such that no division has more than 20 players. For example, if 20 players play Dusty Bend one week, all will be in the same contest. If 21 players play, they will be split into a division of 11 and a division of 10.
 - Divisions will be split by handicap such that like-skilled players are grouped together. Division A will be the top tier of players, Division B the second tier, etc.

- The top 3 handicap scores in each division of each contest on each of the 5 courses during the week win a percentage of the pot for that course! Great Shot Points and Golden Tee Points will be used to break any ties, but handicaps are known to 2 decimal places and we will retain the decimal places when calculating handicap score.
- First place wins 50% of the division's pot, second place 25%, and third 10%.
- GTFT points are still earned against all players in a contest, not just those in your division.
